Forward-looking statements and additional information

This presentation contains forward-looking statements within the meaning of the federal securities laws that are made by Norwood Financial Corp ("Norwood"). All statements other than statements of historical fact are statements that could be deemed forward-looking statements, including all statements regarding the intent, belief or current expectations of Norwood and members of its board of directors and senior management teams. Investors and security holders are cautioned that such statements are predictions, and are not guarantees of future performance. Actual events or results may differ materially. Expected financial results or other plans are subject to a number of known and unknown risks, uncertainties and assumptions that are difficult to assess and are subject to change based on factors which are, in many instances, beyond Norwood's control.

Additional risks and uncertainties may include, but are not limited to, the risk that expected cost savings, revenue synergies and other financial benefits from the recently completed merger with PB Bankshares, Inc. ("PB Bankshares") may not be realized or take longer than expected to realize; the merger may be more expensive to complete than anticipated, including as a result of unexpected factors or events; the integration of PB Bankshares' business and operations with those of Norwood may take longer than anticipated, may be more costly than anticipated and may have unanticipated adverse results relating to Norwood's existing businesses; the anticipated cost savings and other synergies of the merger may take longer to be realized or may not be achieved in their entirety, and attrition in key client, partner and other relationships relating to the merger may be greater than expected; the ability to achieve anticipated merger-related operational efficiencies; the ability to enhance revenue through increased market penetration, expanded lending capacity and product offerings; changes in monetary and fiscal policies of the Federal Reserve Board and the U. S. Government, particularly related to changes in interest rates; changes in general economic conditions, especially the effects of current fluctuations in tariff policies, impacts of workforce deportations, the proliferation of legal actions challenging government policies, and substantial reductions in force of government and non-government organization employees, all of which may put pressure on supply chains and exacerbate market volatility; occurrence of natural or man-made disasters or calamities, including health emergencies, the spread of infectious diseases, pandemics or outbreaks of hostilities, or the effects of climate change, and the ability of Norwood and its customers to deal effectively with disruptions caused by the foregoing; legislative or regulatory changes; downturn in demand for loan, deposit and other financial services in our market area; increased competition from other banks and non-bank providers of financial services; technological changes and increased technology-related costs; and changes in accounting principles, or the application of generally accepted accounting principles.

Due to these and other possible uncertainties and risks, Norwood can give no assurance that the results contemplated in the forward-looking statements will be realized, and readers are cautioned not to place undue reliance on the forward-looking statements contained in this presentation. Forward-looking statements are based on information currently available to Norwood, and Norwood assumes no obligation and disclaim any intent to update any such forward-looking statements. All forward-looking statements, express or implied, included in the presentation are qualified in their entirety by this cautionary statement.

NON-GAAP FINANCIAL MEASURES

In addition to results presented in accordance with GAAP, this presentation includes certain non-GAAP financial measures. Norwood believes these non-GAAP financial measures provide additional information that is useful to investors in helping to understand underlying financial performance and condition and trends of Norwood.

Non-GAAP financial measures have inherent limitations. Readers should be aware of these limitations and should be cautious with respect to the use of such measures. To compensate for these limitations, non-GAAP measures are used as comparative tools, together with GAAP measures, to assist in the evaluation of operating performance or financial condition. These measures are also calculated using the appropriate GAAP or regulatory components in their entirety and are computed in a manner intended to facilitate consistent period-to-period comparisons. Norwood's method of calculating these non-GAAP measures may differ from methods used by other companies. These non-GAAP measures should not be considered in isolation or as a substitute or an alternative for those financial measures prepared in accordance with GAAP or in-effect regulatory requirements. Numbers in this presentation may not sum due to rounding.

Where non-GAAP financial measures are used, the most directly comparable GAAP or regulatory financial measure, as well as the reconciliation to the most directly comparable GAAP or regulatory financial measure, can be found in this presentation.

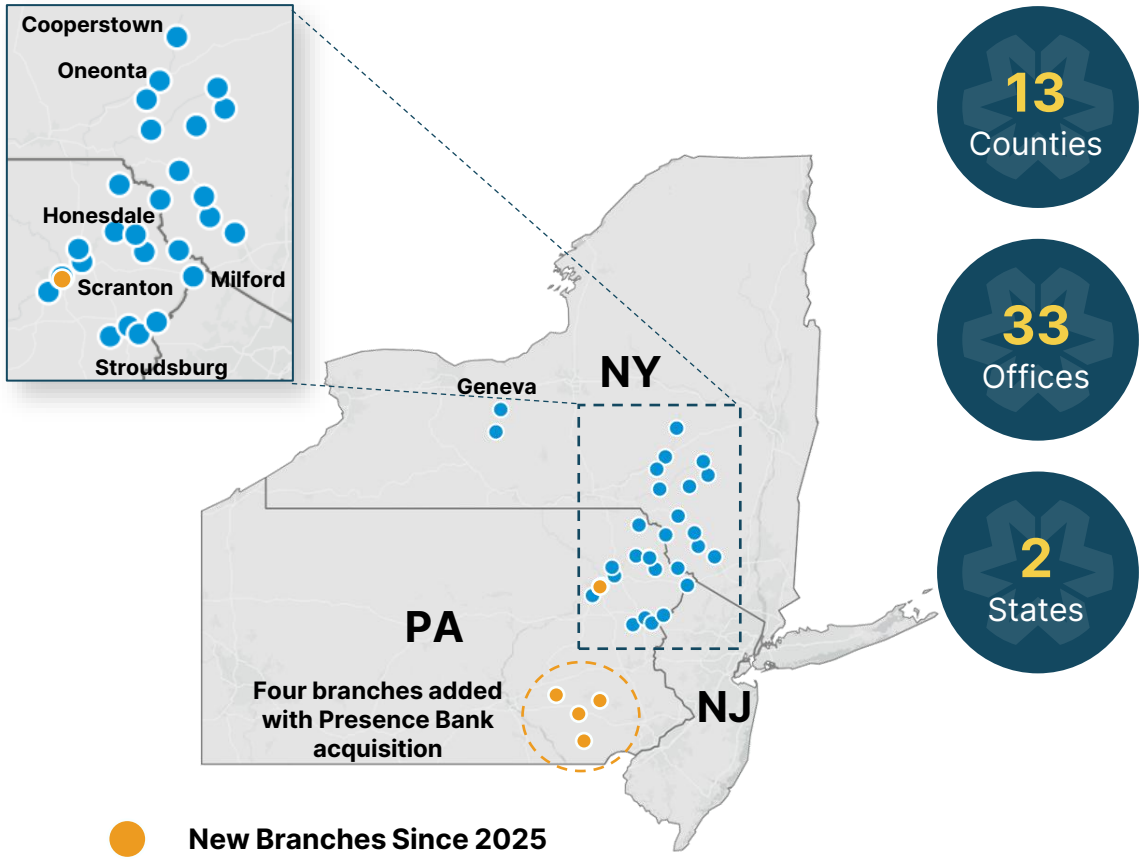

Key messages

1. **Another strong performance in Q3, achieving record net interest income and record net income,** as the team executes well and extends the momentum we are building towards a brighter future

2. **Grew assets to $3.0B and maintained strong financial position while navigating customer bankruptcy;** rebooked debt with past due interest benefitting income and margin

3. **Poised for growth post-integration**, as combined organization is even better positioned serve communities

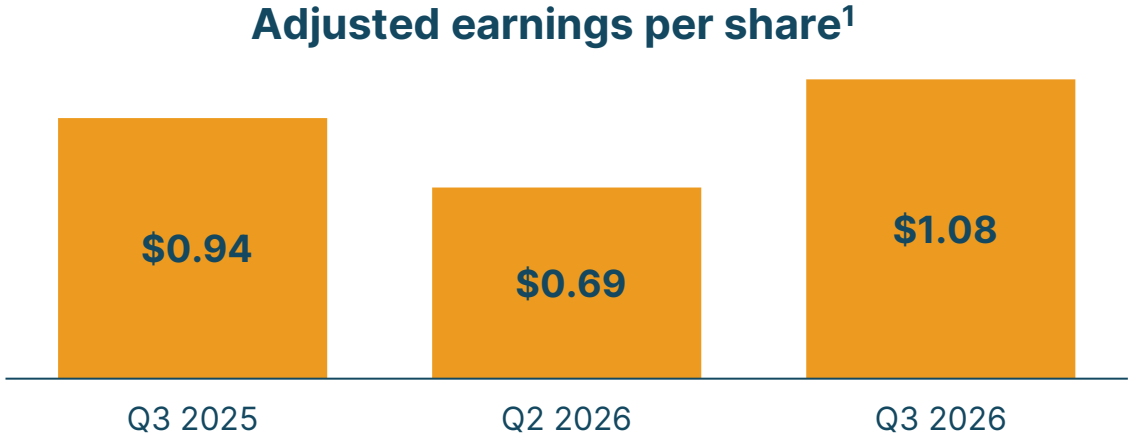

4. **Continuing to build momentum in 2026**, through strategic priorities to create a stronger organization with ingrained high-performance culture

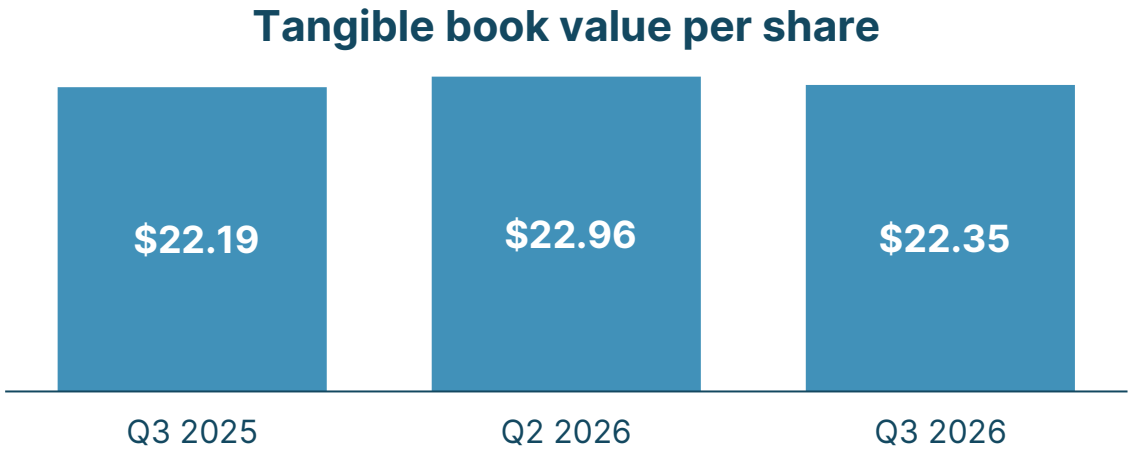

Making progress on our 2026 strategic priorities

Focused on actions that will create value and build momentum

Successfully complete Presence Bank integration	• Completed key integration activity, including core system conversion and brand convergence • Ongoing dialogue to share best practices as we continue to standardize on operations and customer engagement
Increase operating efficiency and elevate the customer experience through AI	• Implemented PB commercial system to drive efficiency, manage risk, and empower employees to do more • Utilize AI embedded in PB processes across the organization as part of integration • Creating 3-year plan to assess AI implementation and pursue highest value opportunities
Strengthen our talent pool and deepen our leadership bench	• Invest in our people to empower them to serve our communities • Cascade strategic priorities throughout organization • Stephanie Abraham joined as SVP and Commercial Team Leader • Promoted Kyle Liner and John Veleber to Commercial Team Leader • Expanded role of Joseph J. Mahon, EVP and Market Executive, to include Greater Scranton
Increase shareholder value	• Executing a clear growth strategy, including organic growth and strategic M&A, along with strong execution to achieve financial targets and deliver increasing shareholder value • Delivered strong Q3 results on strong financial position and performance of our entire team • Grew asset base through increasing deposits, investment decisions, and strategic M&A • Enhance shareholder returns through a reliable and growing dividend

Improving financial performance and positioning for continued growth

EPS improved on record net income due to record net interest income and growth in other income, partially offset by higher expenses due to the acquisition

TBV per share decreased from Q2 on decline in Other Comprehensive Income as rise in interest rates depressed market value of Available-for-Sale portfolio

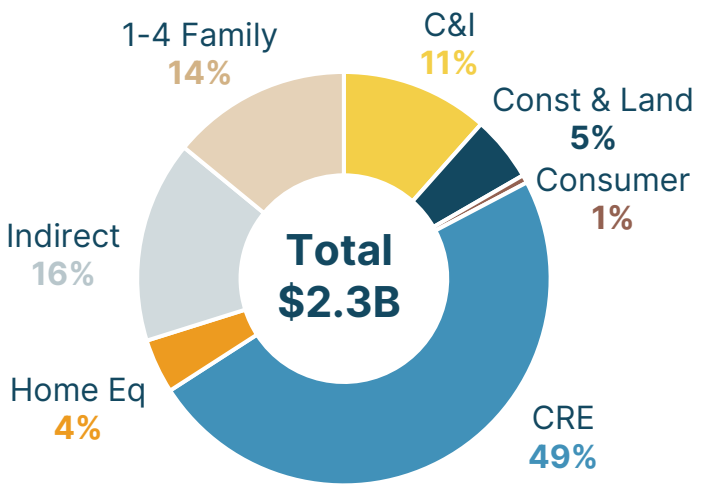

Repositioned portfolio and Presence Bank acquisition continued to further strengthen our financial position and provides us with a larger organization to scale as we serve our communities
